Approved models

- Qwen3 EU
- Claude Sonnet 5 EU

Assigned knowledge

- HR policies
- Recruitment processes

Manage AI costs.

Costs and usage for the current month

Costs

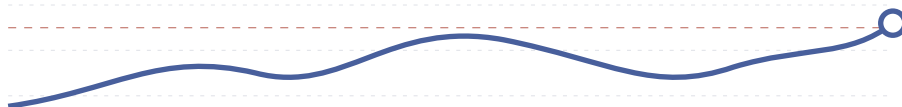

€482.74

Credits

24,137

Budget

68%

One AI workspace. Centrally managed.

Models, knowledge, budgets and governance in one interface – for productive teams and full control.

01 Keep costs predictable

Monitor usage and budgets transparently, down to department level.

02 Define access clearly

Give teams the models, permissions and budgets they need.

03 Assign knowledge access

Assign knowledge sources to selected users and groups.

04 Establish governance

Manage roles, approvals and activities centrally with full traceability.
